LEARN BY DOING FROM THOSE WHO DO

November 4, 2021

Congress Theme and Tracks

Learn by Doing From Those Who Do

Leveling Imbalances in Lean Learnings:

- How do you drive Lean into every corner of your project team/organization?
- How do you meet team members “where they are” on their Lean journey?

Lean Learnings from Prefabrication:

- How should the different project partners, including owners, designers, general contractors, trades and inspection authorities, come together to maximize the impact of prefabrication on a project?

Lean Learnings from the Field:

- What unique practices have been adopted by your field personnel to optimize installation, decrease waste and promote safe practices?

Lean Learnings from the Design Community:

- How can design drive Lean delivery during the design process and bring in relevant parties from conception to closeout.
