Transforming Design and Construction

**Chicago Community
of Practice**

Support our growing Lean Community

The design and construction industry is evolving to a more collaborative and productive culture through the application of Lean principles and integration of project team members. The Chicago LCI Community of Practice is a volunteer led group of local professionals working to create an environment where owners designers, contractors, suppliers, academics and industry organizations can connect, share learn, and explore Lean principles and processes and participate in improving our industry to deliver more value to our Owners and community.
